Educational Background

GNA UNIVERSITY

Phagwara, Punjab

Pursuing a Bachelor's Degree in Technology (CSE)

Senior Secondary Education

Lord Mahavira Jain Public School

Phagwara, Punjab

2020-2021

Secondary Education

Lord Mahavira Jain Public School

Phagwara, Punjab

2019-2020

Skills & Proficiencies

- Understanding of SIEM tools.
- Learning tools like Splunk, Wazuh.
- Understanding of cybersecurity fundamentals, including threat detection and prevention
- Basic knowledge of network security and firewalls

Certifications

Certified Network Security Expert
CDI, Mohali

June 2024 to August 2024

Gained practical exposure to networking fundamentals

Web Security

CDI, Mohali

June 2024 to August 2024

Gained practical exposure to web security

Defensive Security

Sensation Software Solutions Pvt. Ltd.

July 2025 to August 2025

Gained hands-on experience with SOC tools, firewalls, IDE/IDS, Metasploitable-2

Practical Cisco Networking Labs in Cisco Packet Tracer

Udemy

Learned computer networking concepts and simulate network configurations using cisco packet tracer

Projects

SQL Injection Lab

Simulated SQL Injection attacks to demonstrate database vulnerabilities and implemented preventive security measures.

Password Strength Analyzer

- Strong analytical and problem-solving
- Effective teamwork, collaboration, and event management skills
- Adaptable to changes in work environment.

Achievements

Reported and founded bugs

Discovered and reported many vulnerabilities in GNA

University's ERP system

Gold Medal

38th AIU North Zone Bhangra

Silver Medal

38th AIU National Bhangra

Developed a tool in Python to assess and score password complexity, enhancing security awareness.

Virtual labs

Solved SOC and Log analysis Labs on tryhackme.com

SIEM Lab

Setup the SIEM lab to detect and monitor threats on local host.

Firewall Lab

Setup the software firewall to demonstrate the working of firewall and it's rules.
